### **The following conditions will apply to the hiring of all school instruments:**

1. Payment of hire fees must be made to the school in advance, and at least by the third week of each term or tuition will be forfeited.
2. All reasonable care must be taken against the instrument being lost, stolen or damaged.
3. Any repairs necessary due to damage caused through the student's negligence must be paid for by the hirer. Instruments owned by the school and hired to students are insured by the school both within and outside the school precincts. However, insurance cannot cover negligence.
4. No person other than the student must be allowed to play or handle the instrument.
5. On no account must the student, or any other person, attempt repairs or adjustments to the instrument. Any damage to or defects in the instruments must be brought to the attention of the instrumental teacher.
6. The student must practice regularly and attend weekly lessons, or instrument hire may be forfeited.
7. The student is expected to join school performing groups when the desired standard of performance has been reached.
8. On woodwind instruments, replacement reeds shall be purchased by the student as required.
9. On stringed instruments, replacement strings shall be purchased by the students as required.
10. Once satisfactory progress has been made on an instrument it is normally expected that students will purchase their own instruments so that other beginners may take advantage of the school's instruments. Parents should therefore plan, after consulting with the school, for purchasing a replacement instrument.
