

Melanie Simpson

Taskforces: Canteen and Policies

Introduce yourself and your family:

My name is Mel. I have two children, my daughter Lexie commenced Foundation at Wodonga Primary School this year and my son Isaac is in kindergarten. My husband Todd and I have lived in Wodonga for about 7 years now. We love to play tennis, walk our dogs and go horse-riding together as a family. I work as a Procurement Coordinator in the government sector and my husband and I are also involved in his family's local modular building business.

Why did you choose to join School Council?

As a working parent, I am unable to volunteer my time throughout the school day but I felt it was important to be involved within the school community. The School Council gives me an opportunity to stay connected and represent parent's views.

What is the best thing about Wodonga Primary that you would tell people who are not at the school?

Although it is a large school, it is very welcoming with a really positive community feel. The teachers are dedicated and the students are at the centre of all decisions. Lexie really loves going to school every day!

What might the school community be surprised to know about you?

I am originally from Geelong - my children and I spend a lot of time down there throughout the year with my friends and family!
