

DANIELLE SLOCOMBE

STAFF Rep

Taskforces: Canteen, School Review & Priority Projects

Introduce yourself and your family:

My husband and I are both working in education and have been for over 25 years. Our work has taken us to an International school in Singapore and a remote part of Arnhem Land for extended periods of time.

We have two boys who keep us extremely busy.

Before beginning at WPS in 2018, we spent a year travelling through Europe and then lived in a caravan travelling around Australia.

My bright ideas for the school

Continuing strong partnerships between the community and school.

What is the best thing about Wodonga Primary that you would tell people who are not at the school?

I love how the teams I have worked in for the last 4 years have been collaborative and supportive.

The staff all pitch in when required to help each other out.

My special hobbies / talents are:

- Cooking
- Snow Skiing
- Reading
- Travelling to over 50 countries.
