

Greg Pinkerton

Parent / SC President

Taskforces: Finance Committee

Introduce yourself and your family: Karen and I have two daughters at WPS. Ruby is in grade 6 this year and Violet is in grade 4. We are long-term residents of Wodonga (except for the short bit when we weren't) and very much enjoy living in NE Victoria.

Why did you choose to join school council? I enjoy getting involved in the school community and have a strong desire to assist wherever I can. My strengths are in governance and financial management and I find School Council a great way to be connected to the school and to represent the views of the parents.

What is the best thing about Wodonga Primary that you would tell people not at the school? I could go on for hours! Having seen the way that the school operates, I am incredibly impressed with the dedication, professionalism and genuine caring that the staff of WPS show every day. You will hopefully have heard statements about students being at the centre of every decision and I can attest to the fact that this is a reality at WPS.

What might the school community be surprised to know about you? This is a bit of a family affair for me. Both my wife and I attended WPS, as did many family members and friends. My father was even a member (and past president) of School Council. Our extended family has quite a few students attending WPS and so the connection continues.
